

WANT LIEUTENANT GOVERNOR.

Georgia Legislature is Rushed With Many New Bills.

Atlanta, July 28.—At the busiest session that has yet been held by the senate of the general assembly of 1905 a number of important measures were considered and passed upon, and several new bills which will attract considerable attention were introduced Wednesday.

Senator Wheatley, of the thirteenth district, is the author of five companion bills introduced Tuesday which seek to provide for the creation of the office of lieutenant governor in Georgia.

Senator Wheatley's bills cover the ground thoroughly, taking up each of the sections and articles of the code which will have to be amended in order to provide for the election of a lieutenant governor.

The first of the series of bills provides that the lieutenant governor shall preside over the senate, that he shall receive a salary of \$400 per annum, but need not reside in the capital of the state except when the general assembly is in session or when he is performing the duties of governor when by death, resignation or disability that officer is prevented from acting in his official capacity.

In the House.

Several important measures were favorably considered by the house committee on general judiciary Wednesday afternoon. There was a good attendance at the committee meeting and numbers of citizens were on hand to speak in favor of bills under discussion.

Among the matters taken up and accorded favorable reports was the resolution providing for a commission to investigate the condition of affairs in the vicinity of the Ducktown Cooper mills and report to the governor. In support of this W. H. Shippen, of Ellijay and a number of prominent men residing in the neighborhood of the mill, appeared before the committee.

Though a final vote on the Felder state reformatory bill was not reached in the house Wednesday, the debate on the measure was concluded, a favorable report was made by the committee of the whole with few dissenting votes, and there is practically no doubt that the bill will be passed by the house at Thursday morning's session.

The entire session of the house was taken up with the discussion of this measure. The defeat brought out a variety of ideas on the subject of reformatory, though there was very little opposition to the bill. An effort was made to entirely divorce the reformatory from the state penitentiary system but this was finally abandoned, and an important amendment to the bill was adopted, providing that it shall be located on the state farm near Milledgeville.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases give comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only the Foley's Kidney Cure made me well again." J. W. McCollum & Co.

Mrs. Sanford Makes Statement.

Remedy July 28.—Mrs. Vincent Sanford writes out the following statement in view of the publication of the case in the Rome and Atlanta papers of this date, I beg that you withhold its opinion until the comments shall establish the remedy as a help to myself. Remember that I am a helpless woman, passing through the most trying ordeal to which a woman can be subjected. I have been weakened and suffered for years by the hands of my unfortunate husband. With all I can, with propriety, I beg that you speak more fully, I beg that you withhold its opinion until the comments shall establish the remedy as a help to myself. There are many things that I can state at the proper time.

Beat Her Double.

"I know no one, for four weeks, when I was not with typhoid and kidney trouble," writes Mrs. Annie Hunter of Montgomery, Pa. "and when I got better, I found I had one of the best doctors I could get. I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and I can walk as straight as ever. These are simply wonderful." Green's cure stomach, liver and kidney troubles at all times.

The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why **Uneda Biscuit** should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust—the price being too small to mention.

Don't forget
Graham Crackers
Butter Thin Biscuit
Social Tea Biscuit
Lemon Snaps
